

1st Call for Papers

NORDSEC 2002

7th Nordic Workshop on Secure IT Systems

"Towards Secure and Privacy-Enhanced Systems"

7-8 November 2002, Karlstad University, Sweden

The NordSec workshops were started in 1996 with the aim of bringing together researchers and practitioners within computer security in the Nordic countries. The theme of the workshops has been **applied security**, i.e., all kinds of security issues that could encourage interchange and cooperation between the research community and the industrial/consumer community.

NordSec 2002 is organised by the Department of Computer Science at Karlstad University in Sweden in cooperation with local telecommunication and IT industry. A main theme of NordSec 2002, to which a special track within the workshop will be devoted, is **Privacy Enhancing Technologies**. NordSec 2002 will also specifically address the areas of Software Engineering and Quality of Service in relation to IT security.

Possible topics include, but are not limited to the following:

- Privacy and Privacy Enhancing Technologies
- Wireless Communication Security
- Inter/Intra/Extranet Security
- Security Protocol Modeling and Analysis
- E-and M-Business Security
- New Firewall Technologies
- Secure Infrastructures; TTP, PKI, Key Escrow/Recovery
- Computer Crime and Information Warfare
- Detecting Attacks, Intrusions and Computer Misuse
- Smart Card Applications
- Security Management and Audit
- Security Evaluations and Measurements
- Security in Commercial off-the-shelf Products, COTS
- Operating System Security
- Security Models
- New Ideas and Paradigms for Security
- Security Education and Training
- Quality of Service or Software Engineering in Relation to Security

The workshop will consist of paper sessions, panel discussions and invited talks.

For the paper sessions, authors are invited to submit their papers electronically (in PDF-, Postscript- or RTF- Format). Each paper must have an abstract, a list of keywords and should not exceed 6000

words. Papers must be written and presented in English and should be prepared for anonymous review. They should be sent to:

simone.fischer-huebner@kau.se

Selection for presentation at the workshop and publication in the proceedings will be based on originality, contribution to the field, and relevance to the workshop. The workshop proceedings will be distributed at the workshop.

IMPORTANT DATES

Deadline for submission of papers:	August 1, 2002
Notification of authors and final program published:	September 9, 2002
Delivery of camera-ready papers by authors:	October 1, 2002

PROGRAMME COMMITTEE

Simone Fischer-Hübner (Karlstad University, Sweden, Co-Chair)
Erland Jonsson (Chalmers University of Technology, Sweden, Co-Chair)

Tønnes Brekne (Telenor R&D Agder, Norway)
Anna Brunström (Karlstad University, Sweden)
Mads Dam (SICS & Royal Institute of Technology, Sweden)
Ulfar Erlingsson (Green Border Technologies, USA)
Alberto Escudero Pascual (Royal Institute of Technology, Sweden)
Viiveke Fåk (Linköping University, Sweden)
Christian Gehrman (Ericsson Mobile Platforms AB, Sweden)
Dieter Gollmann (Microsoft Research, UK)
Ulf Gustafson (Chalmers University of Technology, Sweden)
Marit Hansen (Independent Centre for Privacy Protection / Kiel, Germany)
Svein J. Knapkog (Norwegian University of Science and Technology, Norway)
Ulf Lindqvist (SRI International, USA)
Stefan Lindskog (Chalmers University of Technology & Karlstad University, Sweden)
Hanne Riis Nielson (Technical University of Denmark, Denmark)
Kaisa Nyberg (Nokia Research Center, Finland)
Kai Rannenberg (Microsoft Research, UK)
Nahid Shahmehri (Linköping University, Sweden)
Teemupekka Virtanen (Helsinki University of Technology, Finland)
Michael Waidner (IBM Research Zurich, Switzerland)
Louise Yngström (Stockholm University/RIT, Sweden)

ORGANIZING COMMITTEE

Stefan Lindskog (Chair)
Anna Brunström
Simone Fischer-Hübner
Albin Zuccato
Ximena Dahlborn (Conference Secretariat)
